

# NEW COURT CHAMBERS

NEW COURT | TEMPLE | LONDON EC4Y 9BE

## SUMMARY OF DIVERSITY DATA 2022

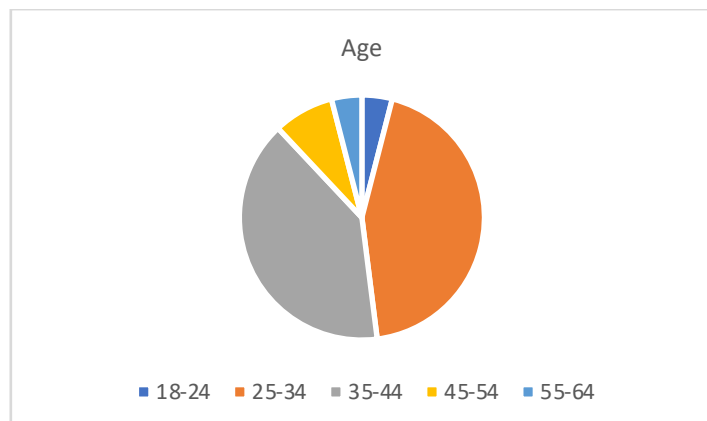

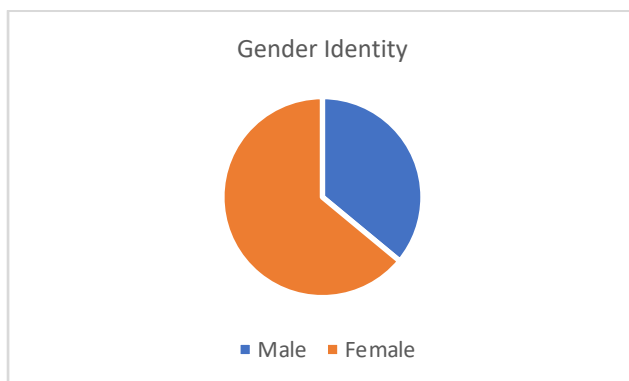

In March 2022 New Court Chambers conducted its triennial Equality and Diversity survey.

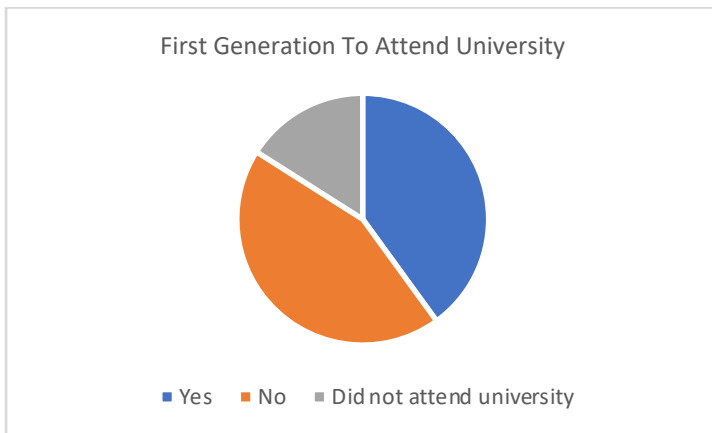

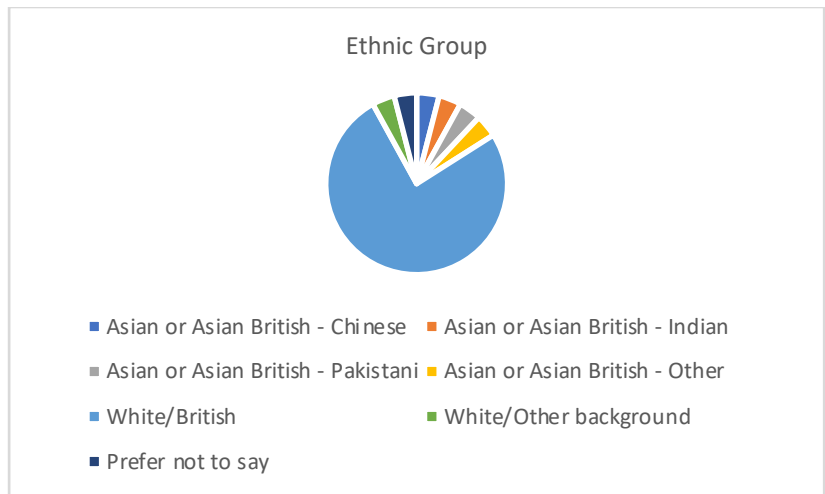

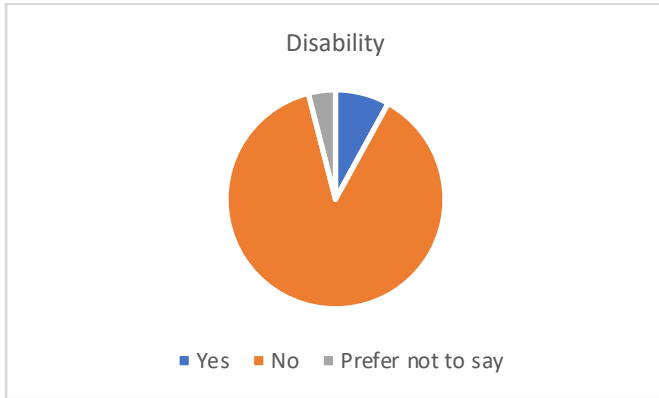

This was a survey of all members, pupils, clerks, and staff members. The survey was based on self-report and achieved a response rate of approximately 57%.

All responses provided were anonymous (and internally audited to ensure anonymity throughout the survey process).

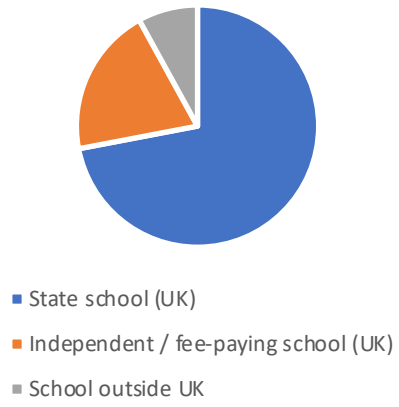

The survey adopted the language and criteria used for monitoring by the Bar Standards Board.

The following charts offer a summary of the responses:

Education Between Ages 11 And 18

Primary carer for a child or children
